📄 PROFILE

Postgraduate in Bioinformatics and Zoology with combined expertise in wet-lab biology and computational life sciences. Expertise in molecular docking (AutoDock, Vina, and Schrödinger Maestro) and regression-based machine learning methods for biological data analysis. Experience with Python, R, and Linux, with hands-on experience in bulk, single-cell RNA-seq, miRNA, and spatial transcriptomics data analysis; NGS data interpretation; and genomic analysis pipelines.

Currently, I am a project scientist at IIT Ropar, working in the area of integrative multi-omics, including metabolomics and metagenomics, as well as bulk RNA-seq, single-cell RNA-seq (scRNA-seq), spatial transcriptomics, and miRNA expression analysis to unravel the molecular mechanisms of complex diseases. My expertise includes genomics, transcriptomics, miRNA biomarker discovery, differential expression analysis using DESeq2, functional enrichment analysis (GO, KEGG, and Reactome), cell-cell communication and interaction analysis, bioinformatics-based primer and probe design, and interdisciplinary biomedical research, with extensive experience in computational biology and high-throughput sequencing data analysis.

🎓 ACADEMIC QUALIFICATIONS

07/2024 – 05/2026	M.Sc Bioinformatics , Central University of South Bihar , Gaya CGPA = 7.0
01/2024 – 12/2025	M.Sc Zoology , G.D COLLEGE, BEGUSARAI (IGNOU) %age = 78.35
09/2022	B.Sc Zoology , LNMU Darbhanga %age = 64.625
03/2019	Intermediate(PCMB) , BSEB %age = 66.4
06/2017	Matriculation , BSEB %age = 69.4

🎓 PROFESSIONAL CERTIFICATIONS

07/2026 – 06/2027	PGDCA(Post Graduate Diploma in Computer Applications) , IGNOU Enrolled...
07/2026 – 11/2026	Biophysics , IIT Kharagpur(NPTEL) Enrolled...
07/2026 – 11/2026	Next Generation Sequencing Technologies : Data Analysis and Applications , IIT Kharagpur(NPTEL) Enrolled...
02/2026 – 05/2026	Computational Genomics , IISER Bhopal(NPTEL) %age = 79
07/2025 – 11/2025	Artificial intelligence in Drug discovery and Development , IIT BHU(NPTEL) %age = 79
07/2024 – 10/2024	Data Science Using Python , AMU(NPTEL) %age = 61

DISSERTATION / THESIS WORK

1. Major Dissertation (M.Sc . Bioinformatics, 4th semester)

“Investigation of Subcutaneous and Visceral Adipose Tissue in Obese Diabetic and Non-Diabetic Individuals by Comparative scRNA Sequencing”

(Under the supervision of Prof. Durba Pal, Biomedical Engineering Lab, IIT Ropar)

2. Minor Project (M.Sc . Bioinformatics, 3rd Semester)

“Machine Learning-Based Comparative Analysis of Linear Regression, Multilayer Perceptron, Robust Linear Model, and Long Short-Term Memory for Non-Standard Amino Acid Propensity”

(Under the Supervision of Prof. R.S. Rathore, Department of Bioinformatics, Central University of South Bihar, Gaya)

3. Minor Project (M.Sc . Bioinformatics, 2nd Semester)

“Targeting Cyclooxygenase-1 (COX-1) in Androgenic Alopecia: A Structure-Based Approach Using PDB ID 6Y3C”

(Under the Supervision of Prof. R.S. Rathore, Department of Bioinformatics, Central University of South Bihar, Gaya)

4. Major Dissertation (M.Sc . Zoology)

“Therapeutic Potential of Arsenic Trioxide: A Comprehensive Study on Apoptosis Induction in Breast Cancer Cell Lines”

(Under the Supervision of Dr. Uttam Kumar, Department of Zoology, G.D. College, Begusarai)

INTERNSHIP/ONLINE TRAINING CERTIFICATION

- **Workshop: Transcriptomics with NGS Data Analysis (One-month International Training in Bioinformatics) (DECODE-LIFE).**
- **Workshop: Cancer Genomics with NGS Data Analysis (One-month International Training in Bioinformatics) (DECODE-LIFE).**
- **Two-Day Workshop-cum-FDP on Next-Generation Computation, "Harnessing AI & HPC for Biomedical and Bioinformatics Breakthroughs," organized at the Indian Institute of Information Technology Allahabad (IIIT Allahabad).**
- **Workshop: Medical Technology Research Trainee | Smart Healthcare & AI Integration (IIIT Allahabad).**
- **Workshop: AI-Powered Python Developer | Data Analysis & Automation (AI for TECHIES).**

SELF DEVELOPMENT & CONTINUOUS LEARNING

- **Actively enhancing research competencies through NPTEL coursework and specialized bioinformatics training workshops.**
- **Continuous learning in Next-Generation Sequencing (NGS) technologies, data analysis, and applications.**
- **Alongside my research activities, I am currently preparing for CSIR-UGC NET JRF, ICMR-JRF, and GATE, with a focus on bioinformatics, genomics, transcriptomics, and computational biology.**

Teaching & Subject Matter Expert Experience

- **Teaching Experience:** 5+ years of offline teaching experience at private educational institutes, with responsibilities including classroom teaching, student mentoring, concept development, and academic guidance.
- **Subject Matter Expert (SME), Physics Wallah (PW):** 2+ years of experience as an SME, contributing to academic content development, question creation and review, solution preparation, and subject-matter support.

DECLARATION

I hereby declare that the above information is true and correct to the best of my knowledge and belief.
